

STR's Customized CPSIA Webinars

STR is pleased to offer CPSIA webinars to individual companies. This allows companies to schedule webinars at a date and time of their convenience and to get answers related to their product line and specific challenges. STR's CPSIA webinars provide customized consultation to help companies understand the new Federal legislation and how it affects their product, and what they need to do to comply with the new requirements. It's not just toys, it's not just children's product – the CPSIA affects a wide range of consumer products.

Registration Fee: \$200
