

## **STR Shanghai obtains CBTL Certificate from IECEE**

STR is pleased to announce that our Shanghai laboratory has successfully obtained the CB Testing Laboratory certificate by The Worldwide System for Conformity Testing and Certification of Electrotechnical Equipment and Components (IECEE), effective July 15, 2008 to Oct. 11, 2010. As a recognized CBTL, STR Shanghai is authorized to provide testing and issue CB test reports for products covered by its approved [Scope](#) within the CB Scheme, such as household electrical appliances, luminaires and motor-operated electric tools.

The IECEE CB scheme is an international system for mutual acceptance of test reports and certificates dealing with the safety of electrical and electronic components, equipment and products. It aims to facilitate international trade by assisting product manufacturers around the world to obtain product certification and approval at national level through the mutual acceptance of the test results issued by the recognized CBTL, reaching the ideal concept of "One product, one test, one mark, where applicable".
